

ECOLOGY AND EVOLUTION (BI OL 3250C,D,E) -- Spring Semester 2008

Instructor: Dr. Brad Bergstrom, Offc. 1107 (333-5770) bergstrm@valdosta.edu
 Biol. Dept. 333-5759

Office Hours: M W 10- 11:30, other times by appointment.

Texts : Smith, R.L., and T.M. Smith. 2001. Ecology and field biology. 6th ed.
 Benjamin Cummings, San Francisco, CA. 771 pp.
 Hall, B.K., and B. Hallgrimsson. 2008. Strickberger's Evolution. 4th ed.
 Jones and Bartlett, Boston, MA. 762 pp.

****STUDENTS ARE RESPONSIBLE ON EXAMS FOR ALL INFORMATION FROM LECTURE NOTES, HANDOUTS AND ASSIGNED READINGS.**

Lecture: four 100- pt. lecture exams.

*Tentative Exam Dates: Feb 9, March 9, April 13, May 4 (Fri, 8- 10 am)

Lab = ca. 35% of course grade, from writeups of field/laboratory exercises; including original investigations and computer simulations.

LECTURE SCHEDULE

Week #	Topic	Chapters Evolution (V), otherwise Ecology	in:
1	Introduction to Ecology	1	
1	History and Fundamentals of Evolutionary Theory	V1- 3	
2	The Nature of Variation	Skim V9 - 10	
2 - 3	Species and Phylogenies	V11, Skim V12	
3	"Evo- Devo"	V13	
4 - 5	Population Genetics and the Mechanisms of Microevolution Patterns of Macroevolution	V21- 23 V24	
6 - 7	Physical and Physiological Ecology Conditions and Resources	Skim 4,7,9	5 ,6,8
	Nutrient/Mineral Cycles Niche Concepts	pp. 253-	2,27 Skim 25,26 62;383- 84
8 - 9	Population Ecology: Demography, Dynamics, & Density- dependence	10,11,	skim 12
10-	11 Reproductive Ecology & Life Histories		13
11-	12 Interspecific Competition		14
	13 Foraging Ecology, Predator- Prey		15,16
14	Community Structure & Dynamics, Stability, Diversity, & Complexity	20	
15	Ecosystem Development, Island/Landscape Ecology, Conservation Biology and Preservation of Biodiversity		21,22,23

Tentative Laboratory/Field Schedule	Assignment (pts.)
Week 1 -- Intro to Inland Coastal Plain Ecosystems. (***READ Ecol. pp. 12- 17; Skim Ch. 28-	Hypotheses 31 + Appendix A for ideas***) (10)
2 -- Phylogenetic Rules and Reconstruction (also, set up Bacterial Selection experiment)	Assignment (10)
3 -- Population Genetics Computer Simulations	Assignment/Paper (15)
4 -- TBA	
5 -- Bacterial Selection	Assignment (25)
6 -- Ecological Transect sampling I	TBA
7 -- Human Demography	Life Table (20)
8 -- TBA	
9 -- Mark- Recapture and Pop. Estimation Simulation	Report (20)
10 -- Community Ecology Field Experiment I	
11 -- Analysis of Sapelo experimental data	Scientific Paper (35)
12 -- Community Ecology Field Experiment II	
13 -- Community Ecology Field Experiment III	
14 -- Community Ecology Data Analysis	Paper Scientific (45)

NOTE: Thursday, March 8 is the last day to withdraw from this or any course

Ecology (BIOL 3250) – Spring 2017 Expectations of Students

1. The text chapters will serve as your introduction and background to the lecture topics. Therefore, read them carefully, preferably before the lecture. Otherwise, you may find that you are lost! Success in this course demands that you attend every day and come to class prepared.
2. On weeks that I inform you we will be in the field, be prepared to leave for the field promptly at lab time-this includes APPROPRIATE ATTIRE. It may be hot or cold. We will be encountering briars, chiggers, fire ants, ticks, mosquitoes, and possibly snakes; you are responsible for your own protection against these as well as the climatic elements (I can't control either). You may not make up missed labs; I will deduct points from your grade for any lab absences.
3. An important part of this course is the writing of laboratory reports and scientific papers. We will be collecting data in the field and lab and analyzing these data as a group. You will be receiving written and verbal instructions for preparing a scientific paper early in the semester. I expect you to share the basic data and results of certain analyses. I expect each and every person to do his or her own writing, however. Copying of phrases or sentences from references or even slightly modified phrases and sentences "borrowed" from these sources constitutes plagiarism and will not be tolerated in this course. Putting quotation marks around such phrases, even with proper
