

Email is the simplest and primary way to contact me outside of class and is the quickest way for me to contact you as well. All email should be sent directly to jfelder@valdosta.edu. You are required to check and maintain your Valdosta State University email account regularly. I will only communicate with you through this official email account.

We will be using Blazeview throughout the semester as a tool for sharing grade information. I will post course tentative grades as well as any necessary class materials. Note that I use the Blazeview site grade sheet
