

Hello All,

The Chili Cook-off came very quickly but it was wonderfully timed. With the typical air-conditioning in the building and the sullen weather outside, hot chili was a perfect comfort food to all those in attendance especially the drinks and crackers that accentuated the dishes. The classroom tables were brought together like a cozy café with lovely chats around the room.

The chili entries (in alphabetical order) were by :

- Mrs. Albritton
- Dr. Briihl
- Dr. Browne
- Dr. Reffel &
- Dr. Reiner
