Examinations and Makeup Policy

NO MAKEUP EXAMS WILL BE GIVEN after the test has been administered to the class. If you know in advance you must miss an exam day, let the instructor know **in advance** so potentially arrangements can be made to take the exam early. It is **NOT** your right to take an exam early. This is done at the discretion of the instructor.

Your **lowest exam** score of the four exams will be **replaced by your final exam score** (if it helps). If you miss one exam, the missed exam will be your low score (grade of zero) and your final exam score will be used for that exam. Each subsequently missed exam will receive a score of zero. **All exams should be taken with a strong effort each time.**

Each of the examinations is a closed-book, closed note, individual exam. The content of the exams comes from the material presented in the course through readings (text and additional readings), text exercises, assignments, in-class notes, and in-class activities.

The final exam is a **mandatory comprehensive final** and will make up **20% of your overall grade** for the course.
